ST-204	24"x24" Flexible Stamp	\$225.00
ST-205	24"x36" Flexible Stamp	\$325.00

All texture tools are approximate in size.

Water-Base Stains

These semi-Transparent decorative stains are water-base, zero VOC, easy-to-apply stain for interior and exterior applications. All concrete stains both water-base and acid base always appear much more brilliant when applied over a topping like Redeckit, Re-do-It or the Mirage system.

You can dilute this stain up to 4:1 with water for color variation as every project is unique.

Clean up is simple with just soap and water.

Colors also can be inter-mixed to achieve different tones.

1-gallon \$69.95

5-gallon \$239.95

AP-101 Brown

AP-102 Dark Brown

AP-103 Light Brown

AP-104 Gray

AP-105 Black

AP-106 Green

AP-107 Blue

AP-108 Light Blue

AP-109 Red

AP-110 Artic White

Note: These colors are a representation only. Actual color will vary due to the concrete finishing method, always test concrete first to make sure the concrete can absorb water you can do this by pouring cup of water onto surface and see if it disappears into concrete also make sure the concrete has not been sealed, if so it will have to be removed with stripper or grinder. These colors in this chart are based on grey concrete with stain applied at full strength along with two applications of stain with no dilution. Prior to apply stain the concrete surface must be prepped with concrete etcher, cleaner and degreaser. When applying stain use a pump-up sprayer with a cone- shaped tip in a circular motion. This method of application will prevent tracking or lap lines from developing. Allow to dry thoroughly and for exterior projects seal using our Ultra-Sheen sealers apply two coat allow four hours in between coats Interior we recommend our Urethane Water-base top coat or our Polyaspartic topcoat.

OLM-115 Cleaner, Etcher & Degreaser 1 gal (3.8 L jug)

\$29.95

OLM-115-A Cleaner, Etcher & Degreaser 5 gal 18.9 L pail)

\$99.95

Coverage: 100-200 sq.ft per gallon depending on porosity of the surface

- Benefits:**
- Degreases, cleans soil stains and etches the surface
 - improves adhesion of coatings
 - Makes stains take better into the surface

MIRAGE/RE-DO-IT MATERIALS

ITEM NO.	DESCRIPTION	PRICE
OLM-401	Mirage Easy-Use Polymer Overlay Kit, White	\$43.95
OLM-401A	Mirage Easy-Use Polymer Overlay Kit, Gray	\$43.95
OLM-301	Mirage Pigmented Silver Polymer Kit	\$43.95
OLM-302	Mirage Pigmented Dark Gray Polymer Kit	\$43.95
OLM-303	Mirage Pigmented Beige Polymer Kit	\$43.95
OLM-304	Mirage Pigmented Dark Brown Polymer Kit	\$43.95
<p><i>Mirage Polymer overlay kits consist of 50 lbs. of specially formulated dry resin and powders. Simply add 3 quarts (3/4 gallon of water) to dry mix and slowly mix using plunge mixer to blend product. (Coverage will yield 18 to 20 sq. ft. at 3/8" depending on surface conditions)</i></p>		
OLM-403	Mirage/Re-Do-It Primer (5 gal./18.9 liters) <i>Coverage: 1000 sq. ft. when applying two coats. Simply add 3^{1/2} gallons of water to dry primer. Mix thoroughly.</i>	\$129.95
OLM-404	Liquid Release Agent (5 gal./18.9 liters) <i>Coverage: 750-1000 sq. ft., depending on weather conditions.</i>	\$129.95
OLM-408	Re-Do-It Easy Use Polymer Resurfacing Kit, White	\$43.95
OLM-409	Re-Do-It Easy Use Polymer Resurfacing Kit, Gray	\$43.95

Re-Do-It Polymer Resurfacing Overlay consists of 25lbs. of specially formulated dry resins and powders. Simply pour approximately 1 gallon of water into dry mix, and slowly mix using either the plunge mixer or paddle mixer in order to blend product. Coverage will yield approximately 150 sq. ft. depending on how porous the surface, as well as thickness of material.
