**Aqua Plus Rejuvenator Safety Data Sheet**

**DESCRIPTION:**

Aqua Plus Rejuvenator is liquid form, water based penetrating stain. Aqua Plus Rejuvenator allows it to pull in their unique micronized pigments to transform boring, lifeless mulch into multi-colored surface. Typical applications are for both residential and commercial settings. Aqua Plus Rejuvenator comes in three different colors, black, brown and Russet Red.

**TEMPERATURE:**

Typically apply when surface and ambient temperatures range between 50 F(10-C) and 90 F (32-C) and will remain that way for 12 hours.

**MIXING APPLICATION:**

Aqua Plus Rejuvenator comes in two different sizes; one-gallons jugs and five-gallon bucket. Always shake good before mixing. You will need to wear safety glasses and gloves when mixing and applying the rejuvenator to the surface. You will need to purchase a two-gallon pump sprayer and add ¼ gallon of Rejuvenator to ¾ gallons of water and mix good by shaking. For a more intensified look you can add 1/3 rejuvenator and 2/3 water to your pump sprayer.

**APPLYING METHOD:**

First you might want to place plastic around plants to protect from over spray, however the rejuvenator is plant friendly. It is also better to protect hardscape from over spray using cardboard. For best results keep pump nozzle 3 to 5 inches from surface. Always keep good pressure on your pump sprayer by pumping it up when needed.

**CLEAN-UP:**

Aqua Plus Rejuvenator can be cleaned up with water, always run water through your pump sprayer and clean nozzle for next use.

**WARRANTY:**

Warranty of this product when used according to the directions is limited to refund of purchase price, or replacement of product. (if defective) at manufactures/sellers option. Aqua Plus Rejuvenator products shall not be liable for the cost of labor or direct and /or incidental consequential damages.

**CAUTIONS:**

Keep out of reach of children. Skin contact: Skin contact may cause irritation. Remove contaminated clothing and wash affected skin with soap and water. Eyes: Wear safety eye protection when mixing or applying. Contact with eyes may cause irritation. Flush eyes with water for 15 minutes. Keep pets off surface for 12 hours.
